**TITLE 86: REVENUE
PART 130
RETAILERS' OCCUPATION TAX**

Section 130.1950 Dentists

a) When Liable For Tax

When dentists sell items of tangible personal property, such as mouthwash, toothpaste, dental floss, and the like, to purchasers for use or consumption apart from their rendering of service as dentists, they incur Retailers' Occupation Tax liability.

b) When Not Liable For Tax

Dentists are engaged primarily in a profession or service occupation. To the extent to which they engage in such profession or service occupation, they are not engaged in the business of selling tangible personal property to purchasers for use or consumption within the meaning of the Act. Consequently, they are not required to remit Retailers' Occupation Tax measured by their receipts from engaging in such profession or service occupation, including receipts from both services and tangible personal property.

c) Liability Under the Service Occupation Tax Act

For information concerning the application of the Service Occupation Tax to purchases by dentists of tangible personal property which they retransfer as an incident to rendering service, see the Service Occupation Tax, 86 Ill. Adm. Code 140.
